with Kristy Malik

 walking with purpose

Kristy is a cradle Catholic who experienced a conversion of heart once encountering Walking with Purpose in 2011. She jumped in with both feet, starting a WWP program at her parish and then becoming a regional area coordinator a few years later. She is now a blogger and content creator for the ministry. Her hope is that every woman can experience God's healing love and redemption—and fully embrace the amazing plan He has for your life.
