 walking with purpose

Mallory joined Walking with Purpose out of a deep desire to help women come to know Christ personally through the transforming power of His Word. She experienced a powerful conversion of heart in college when she came to know God personally through Scripture. It is her dream to see Catholics fall deeply in love with God and grab hold of the joy offered in the gospel. Mallory's talks bring Scripture to life and help women to apply Scripture to what they are going through in the here and now.
